

RENEGADE LL MID Ws

25 YEARS OF RENEGADE.

The RENEGADE LL MID Ws - the multitasking footwear that has gained a cult status. Even after two decades of proven use, this classic version of multifunctional boots still has a fresh look and offers the very best performance. The comfortable wearing experience is created in particular by the high-quality upper and sole design and the leather lining. No matter whether you need footwear for your active everyday life or for spontaneous hikes on paved trails - the RENEGADE LL MID Ws is your perfect companion.

1 Proven Vibram rubber sole from a high-quality provider from Italy.

2 The double-layer midsole is directly injected onto the footwear. The layers include carefully coordinated degrees of rigidity to create the best possible comfort.

3 A special frame design known as LOWA MONOWRAP® provides stability.

4 Lasts specially adapted to the anatomy of women's feet.

5 The forefoot and upper area can be laced in varying degrees of tightness.

WEIGHT

990 g/Pair (UK 8)

SUITABLE FOR

Mountain hiking

The RENEGADE LL MID Ws is ideal for mountain hiking. This involves a tour in mountainous terrain.

Pilgrim hiking

A pilgrim hike is a long-distance journey by foot that is motivated by spiritual needs. The RENEGADE LL MID Ws is a good travel companion on such tours.

Day hikes

The RENEGADE LL MID Ws is perfect for day hikes. These outings last for less than 24 hours and lead back to the starting point.

Walks with the dog

Walking the dog is a joint activity in which dog owners and their pets head out into nature. The RENEGADE LL MID Ws is just right for walks with the dog.

SOLE

VIBRAM EVO

The VIBRAM EVO applies proven Vibram technology: multifunctional profile design with an optimal rubber compound for hikes performed on the widest range of terrains. Combined with the proven heel profile for pleasant descents.

MIDSOLE

ca. 100 %

Polyurethane (PU)

Polyurethane (PU) is a soft plastic that has very good cushioning properties and is usually used in the midsole as a result. Through the use of PU, the soles become lightweight and functionally flexible.

INSOLE

ca. 45 %

Memolatex

Memo latex is composed of very soft latex foam. In addition to being lightweight, memo latex supports the natural rolling motion of the foot. It is primarily used in shoe insoles as a result. Memo latex also individually wraps the foot and is particularly comfortable as a result.

ca. 45 %

Felt

Felt is a textile fabric that is made of disordered fibrous material that is difficult to separate. The textile fabric is characterised by its high elasticity and its insulating qualities. As a result, it is used in particular as a component in insoles and as an insulating divider.

ca. 10 %

Mesh

Mesh is a material that consists of many evenly spaced holes. It is usually made of polyester or nylon and basically a lattice-like material that is created by interwoven threads. Thanks to its special design, the man-made fibre is particularly permeable to air, has special moisture-regulating qualities and is easy to care for, breathable and crease-resistant.

LINING MATERIAL

The leather inner-lining creates cosy wearing comfort and a pleasant shoe climate.

FUNCTIONS

The shoe is moderately stiff.

UPPER MATERIAL

ca. 100 %

Waxed nubuck leather

Waxed nubuck leather is a full-grain leather that is slightly sanded, a process that lends a velvety look to the leather. The additional waxing of nubuck leather creates a slightly shiny, rustic look, a process that also extends its waterproof qualities.

PPE REGULATION

Please note that if it is intended to use the purchased products as personal protective equipment in accordance with Art. 3 No. 1 of Regulation (EU) 2016/425 (PPE Regulation), the user is responsible for checking the products for the presence of a corresponding certification (see technical data of the product). If the product lacks a certification required for use as personal protective equipment as defined by the PPE Regulation, the product may not be used as personal protective equipment or only for non-professional purposes.
