

## MADDOX GTX LO JUNIOR

### RUNNING LIKE CLOCKWORK.

No matter whether used at play or on the way to school each day - the light multifunctional shoe is just right for big adventures undertaken on small feet. Simply slip the shoe on and take off for outdoor fun and games - in every type of weather and on every type of terrain. The practical trick here: The MADDOX GTX LO JUNIOR employs practical speed-lacing technology so it can swing into action as quickly as possible.

**1** Footwear equipped with a GORE-TEX membrane is reliably waterproof, windproof and breathable.

**2** An outsole designed by LOWA with an optimised rubber compound to provide good grip.

**3** A special frame design known as LOWA MONOWRAP® provides stability.

**4** Lasts specially adapted to the anatomy of children's feet.

DYNA**PU**®

**5** LOWA DynaPU® provides noticeable cushioning with every step.

## SUITABLE FOR

### School

School is the place where children and adolescents spend the day during the school week. School usually begins for children after they have turned 6. There are many types of schools. A number of subjects are taught in schools. The MADDUX GTX LO JUNIOR is just right for school life.

### Kindergarten

The MADDUX GTX LO JUNIOR is the perfect shoe for kindergarten. Kindergarten is the place where children spend the day during the school week. These children are generally between the ages of 3 and 6. Children participate in the widest range of activities in their supervised group – indoors as well as outdoors in nature.

### Playing

The MADDUX GTX LO JUNIOR is the best playmate for the next adventure indoors or outdoors in nature.

### Family excursions

The MADDUX GTX LO JUNIOR is ideal for a family excursion. This is a joint undertaking that a family does either indoors or outdoors in nature.

## SOLE

### LOWA® ENDURO EVO JUNIOR

The sharp profile design of the rubber sole LOWA® ENDURO EVO JUNIOR is self-cleaning and helps children to play and romp about all sorts of different terrains.

## MIDSOLE

### ca. 100 % Polyurethane (PU)

Polyurethane (PU) is a soft plastic that has very good cushioning properties and is usually used in the midsole as a result. Through the use of PU, the soles become lightweight and functionally flexible.

## INSOLE

### ca. 70 % Memolatex

Memo latex is composed of very soft latex foam. In addition to being lightweight, memo latex supports the natural rolling motion of the foot. It is primarily used in shoe insoles as a result. Memo latex also individually wraps the foot and is particularly comfortable as a result.

### ca. 30 % Polyester

Polyester is synthetic plastic fibre made from crude oil. In chemical terms, it is a polymer that can be processed into many different materials. Thanks to its chemical flexibility, polyester is lightweight, dries quickly, does not shrink and has the highest levels of tear and abrasion resistance.

## FUNCTIONS

The single-injection midsole is directly injected onto the footwear.

The footwear has very soft rolling properties.

## UPPER MATERIAL

### ca. 50 % Fabric

Our natural and synthetic fabrics facilitate optimal warming and moisture management with the help of their usage-specific characteristics. Thanks to their structural design, they are smooth and make our products extremely comfortable.

### ca. 50 % Synthetic

Our synthetic fabrics made of such plastics as nylon, polyester, polypropylene and elastane (Lycra) are primarily used as design elements and protection for the upper due to their abrasion resistance and tear strength.

## PPE REGULATION

Please note that if it is intended to use the purchased products as personal protective equipment in accordance with Art. 3 No. 1 of Regulation (EU) 2016/425 (PPE Regulation), the user is responsible for checking the products for the presence of a corresponding certification (see technical data of the product). If the product lacks a certification required for use as personal protective equipment as defined by the PPE Regulation, the product may not be used as personal protective equipment or only for non-professional purposes.
