ANDRAZ LL

SPORTSMANSHIP MEETS LIFESTYLE

Snug leisure-time sneakers that look great and boast all sorts of functional features are more than the in-thing for people who love the flair of urban life. This is particularly the case for athletic individuals who have no intention of forgoing optimal comfort when it comes to stylish shoe fashion. The snug models ANDRAZ LL perfectly demonstrate that stylish design and athletic features can indeed enter into a harmonious relationship

1 An outsole designed by LOWA with an optimised rubber compound to provide good grip.

COLOURS

WEIGHT

820 g/Pair (UK 8)

SUITABLE FOR

City tours

The ANDRAZ LL is perfect for activities in the city.

SOLE

LOWA® URBAN TRAIL

The LOWA® Urban Trail is guaranteed to provide the best comfort in the city or on light terrain thanks to a profile design that has been optimised for this very purpose. The profile channels are designed in such a way that they can optimally repulse moisture and dirt. The updated profile design provides harmonious rolling properties.

MIDSOLE

ca. 100 %

Polyurethane (PU)

Polyurethane (PU) is a soft plastic that has very good cushioning properties and is usually used in the midsole as a result.

Through the use of PU, the soles become lightweight and functionally flexible.

INSOLE

ca. 10 %

Leather

Leather ensures a pleasant wearing comfort and a comfortable shoe climate.

ca. 90 %

Polyurethane (PU)

Polyurethane (PU) is a soft plastic that has very good cushioning properties and is usually used in the midsole as a result.

Through the use of PU, the soles become lightweight and functionally flexible.

LINING MATERIAL

The leather inner-lining creates cosy wearing comfort and a pleasant shoe climate.

FUNCTIONS

The footwear has very soft rolling properties.

DYNA**PU**®

LOWA DynaPU®+ has a very high level of recovery behaviour. The highly elastic features maintain their properties for a very long period of time.

UPPER MATERIAL

ca. 100 %

Full-grain leather

Full-grain leather offers the very best quality that leather has to offer. It consists of various types of leather whose grain side is processed on the outside, regardless of the strength of the natural grain of the animal. The qualities of the leather can be smooth, structured, grained, embossed or shrunk. Full-grain leather has open pores and may be used for many years if it is properly cared for.

PPE REGULATION

Please note that if it is intended to use the purchased products as personal protective equipment in accordance with Art. 3 No. 1 of Regulation (EU) 2016/425 (PPE Regulation), the user is responsible for checking the products for the presence of a corresponding certification (see technical data of the product). If the product lacks a certification required for use as personal protective equipment as defined by the PPE Regulation, the product may not be used as personal protective equipment or only for non-professional purposes.
